**Dear Friends & Colleagues,**

On behalf of the Yashoda Hospitals, it is with great pride and anticipation that I welcome you all to the **Yashoda Skull Base Micro Neurosurgery Cadaveric-Workshop and Educational Course**, hosted here at Yashoda Hospitals, Secunderabad.

This event reflects our unwavering commitment to excellence in medical education and patient care. The complexities of skull base neurosurgery demand not only surgical precision but also a deep anatomical understanding-skills that can only be honed through structured, hands-on experience. This workshop provides a unique opportunity for young and aspiring neurosurgeons to gain invaluable insights from experienced mentors and to explore the intricacies of skull base anatomy in a cadaveric setting.

At Yashoda Hospitals, we believe in nurturing the next generation of surgical leaders by creating platforms where learning is immersive, collaborative, and clinically relevant. I am confident that this course will serve as a significant stepping stone in your journey toward becoming skilled skull base neurosurgeons.

May this workshop inspire you, challenge you, and ultimately strengthen your dedication to the art and science of neurosurgery.

Together is the way forward...!!!

We look forward to seeing you in City of Pearls, Hyderabad, Telanagana

**Dr. Pavan Gorukanti, MD**  
Pulmonary & Critical Care (ABIM),  
Director - Yashoda Hospitals

## Workshop Highlights:

- **Frozen Cadaver Heads -**  
Realistic hands-on practice on life-like specimens
